Revised 1985 01 9 M.

P R E F A C E

Government assistance programs for the agricultural producer are numerous and constantly changing. These programs take various forms. To help the Alberta farmer keep abreast of the programs this publication lists various financial and management assistance programs currently available to the agricultural producers of this province. Each financial assistance program is briefly described, outlining eligibility criteria and where to apply. In addition to the financial assistance programs, other management assistance programs are briefly described under the section "Additional Programs Available to Alberta Farmers". This listing, far from complete, provides an indication of the variety of government services available to Alberta farmers. A separate publication which describes agricultural credit programs "Sources of Farm Business Credit in Alberta", Agdex 832, is available from Print Media Branch, 7000 - 113 Street, Edmonton, Alberta T6H 5T6.

It is expected that this publication will be useful to farmers who wish to become aware of the assistance opportunities available or who wish to determine their eligibility for programs offered. Every effort has been made to ensure accuracy as of January, 1985. Because of the continual changes that are taking place with respect to these programs, the details are subject to change at any time. More detailed and current information on these programs should be obtained from the agencies accepting applications.

This publication is revised on a regular basis. Any ideas regarding changes in the contents of this publication would be appreciated.

The material for this revised publication was assembled by Camilla Sawyer and Doug Barlund, under the direction of Harry Warne, Supervisor Financial Management Section, Farm Business Management Branch, Alberta Agriculture.

X. ADDITIONAL PROGRAMS AVAILABLE TO ALBERTA FARMERS 35

I. AGRICULTURAL SERVICE BOARD GRANTS

Purpose: Provides funding to assist rural municipalities to develop agricultural programs and to administer related provincial acts.

The objectives of the Department of Agriculture in Agriculture Service Board funding are to participate with local governments in:

- hiring of personnel to carry out agriculture service board programs.
- carrying out programs or projects related to both provincial and local agriculture priorities which will preserve and improve our agriculture production capability.
- introducing the farming public to the latest in agriculture production techniques developed at the local, provincial or national level.
- strengthening the independence and capability of the farmers to deal with factors affecting agriculture production, such as soil conservation and pest control.
- developing a balanced agriculture program which will assist farmers in meeting the requirements of provincial acts and in providing the manpower and funds for act enforcement when necessary.

Terms: Each board develops and carries out programs designed to meet the needs of of its district. Provincial grants are provided in relationship to provincially defined priorities and for defined and regionally approved local priority programs.

Grants apply to all costs incurred in the conduct of any project including purchase of materials; rental of land, facilities or equipment; custom work and labor. Up to 60% of total cost (unless specified otherwise in these guidelines) will be assumed by the Department with the remainder to be assumed by the municipality and/or farmer. Capital purchases require prior approval. Equipment purchased for rental to farmers is not eligible for maintenance assistance since the rental charge should offset this expense. Trucks and roadside spraying equipment are assisted on a rental basis only. Chemicals used on private land are not eligible for cost sharing except for demonstration.

Some projects which may be carried out include:

- providing specialized equipment such as portable scales, pumping equipment grass seeders and sprayers, on a rental basis to producers.
- persistent perennial weed control programs.
- soil erosion prevention and soil reclamation programs.
- roadside backsloping and seeding programs.
- shelterbelt and horticultural beautification programs.
- extension and demonstration programs to explain and illustrate new technology in crop and livestock production and weed, disease and pest control methods.
- forage crop improvement and management demonstration programs.
- beaver flood control.

Available to: Rural Municipalities.

Apply to: Local Agricultural Service Board.

II. AGRICULTURAL CREDIT PROGRAMS

1. Beginning Farmer Program

Purpose: To assist individuals to establish farms on an owned land base.

Terms: Loans of $200,000 are provided for productive farm assets at the preferred lending rate for the first ten years of the loan. Loans are renewed subsequently at the base rate. Loans are amortized over 20 to 30 years. Incentives are paid for the first five years of the loan.

Available to: Beginning farmers who have assets of less than $350,000 and a net worth of less than $175,000 after the loan is provided, and who have not previously operated a viable unit on an owned land base.

Apply to: Alberta Agricultural Development Corporation.

2. Direct Farm Loan Program

Purpose: To assist primary producers to develop and maintain viable farms.

Terms: Intermediate and long-term loans up to $200,000 at or below the Corporation's preferred lending rate, depending on qualifications.

Available to: Applicants who cannot arrange satisfactory term loans from commercial lenders. Asset and net worth levels are considered to determine eligibility.

Apply to: Alberta Agricultural Development Corporation.

3. Disaster Assistance Loan Program

Purpose: To assist primary producers who have suffered an agricultural disaster to maintain or regain a reasonable level of viability.

This is a lending rather than a compensation program.

Terms: Guaranteed loans will not be limited in amount. Direct loans may be made to a maximum of $200,000. Loans outstanding to ADC will not affect this loan limit. At the discretion of ADC, an adjusted interest rate that would reduce interest payable may be provided for up to three years if it is required to regain reasonable viability.

Available to: A primary producer who has experienced an agricultural disaster that jeopardizes the viability of the farming operation. Financing must not be available from other sources. Direct loan asset and net worth limits will apply.

Apply to: Alberta Agricultural Development Corporation.

4. **Specific Guarantee Program**

Purpose: This program is designed to assist primary producers to develop or maintain viable farms by providing 100% guarantees of financing obtained from another lender.

Terms: There is no limit on the amount of loan. Rates can be fixed or prime + 1% up to 10 year term. Prime + 1-1/2% for loans from 10 to 15 years. Loans can be made up to 80% of the market value of security.

Available to: Primary producers who cannot arrange satisfactory terms from commercial lenders.

Apply to: Alberta Agricultural Development Corporation.

5. **Farm Development Guarantee Program**

Purpose: This program is designed to assist farmers in obtaining adequate operating capital to allow them to continue with operations.

Terms: Special assistance operating loan guarantees of up to $100,000 of new operating loan advances are provided to farmers who develop a workout plan and who cannot obtain financing elsewhere.

- Loan guarantees under this program will be issued for up to one year with a possible one year renewal during the first two years of the program.

- Loan guarantees will bear interest at the lenders' prime interest rate.

- Applicants have to put together a workout plan acceptable to A.D.C. that shows the farming operation has a reasonable chance to succeed.

- Applicants must be prepared to accept counselling and demonstrate a willingness to make changes in management practices if required.

- The A.D.C. Farm Development Guarantee Program will apply only to new operating loan advances and cannot be used to replace or reduce financing by banks and other commercial lenders.

- Applications will be accepted until December 31, 1987.

Available to: Farmers whose net worth does not exceed $500,000 and whose equity in the operation does not exceed 50% of the value of the assets.

Apply to: Alberta Agricultural Development Corporation.

III. CROP, PASTURE AND SOIL PROGRAMS

A. GENERAL

1. Exhibitors Assistance at Royal Agricultural Winter Fair-Field Crops

Purpose: To increase the interest and encourage exhibiting at the Royal Winter Fair.

Terms: Grants are provided for:
- cost of transportation of the exhibit from Alberta to Toronto
- an honorarium of $200 for any grand champion and $150 for any reserve champion prize won in the pedigree seed classes.

Available to: Exhibitors with displays approved by the Plant Industry Division of Alberta Agriculture

Apply to: Supervisor, Seed Technology
Field Crops Branch
Alberta Agriculture
Bag Service 47
LACOMBE, Alberta
T0C 1S0
Telephone: 782-4641

or

Edmonton: 423-4214

2. Wildlife Damage Fund For Crops

Purpose: To compensate individuals whose crops are damaged by wildlife (big game and game birds as defined by the Game Act).

Terms: Compensation is based on an assessment of damage by an Alberta Hail and Crop Insurance Corporation insurance adjuster and is presently based on $70 per acre or 75% of the value of the crop at the time of damage, which ever is the lesser. The maximum compensation per acre will be related to average crop insurance coverage levels and the established prices will be related to the price options for crop insurance in Alberta, Saskatchewan and Manitoba. No claim will be processed if the crop is harvested prior to the appraisal. Anyone who has received a claim will have his $25 appraisal fee refunded. Damage under 10% is not eligible. Any damage over 90% is considered 100%.

No payment will be made when the total compensation is less than $100/crop. Crop valuation rates are subject to periodic changes as is the basis used for awards paid to claimants.

Notice of damage will not be accepted if it is received more than 15 days after harvesting in the general area is considered to have been completed for the year. In the event that harvesting in the general area could not be completed, all claims must be submitted by the end of the year.

Available to: Alberta crop producers who suffer losses, and who pay an appraisal fee of $25 per section of land or portion thereof.

Apply to: One of the fifty three Alberta Hail and Crop Insurance Corporation offices in Alberta.

B) CROPS

1. Advance Payments for Crops Act (APCA)

Purpose: To assist farmers producing storable crops to improve their marketing pattern and timing of sales.

Terms: - Provides eligible producer groups with guaranteed interest free loans to make advance payments to their members;
- covers all storable crops grown in Canada excepting wheat, oats and barley covered by the Canadian Wheat Board;
- an individual producer may receive an advance of up to $15,000 for all crops produced each year.

Available to: Producer organizations which are legal entities, produce a sizeable portion of the crop within a designated area, show they have the managerial and financial resources to operate the program and do not take ownership of the producer's crop immediately after harvest.

Apply to:

Phone: 995-5880

OR

Regional Marketing Officer
Marketing & Economics Branch
Agriculture Canada
4th Floor, 10179 - 105 Street
Edmonton, Alberta T5J 1E2
Phone: 420-4141

2. Agricultural Products Cooperative Marketing Act (APCMA)

Purpose: The federal government guarantees bank loans for initial payments and operational costs to groups wishing to market a commodity in a cooperative fashion.

Terms: - Most agricultural products are eligible, except crops covered by the Canadian Wheat Board;
- the product must operate under a plan which gives equal returns to producers for like grade and quality;
- if actual selling prices are higher than the initial payment plus marketing costs then surplus funds are distributed to producers as a final payment;
- if the initial payment exceeds the final selling price then the federal government pays the difference to the marketing group.

Available to: Any producer group organized as a cooperative that has a plan and a pooling system, may apply.

Apply to:

Operating Programs

3. Canadian Agricultural Market Development Fund (CAMDF)

Purpose: To help develop domestic markets, or stimulate or promote Canada's agricultural and food products in domestic markets.

Terms: The program will contribute up to 50 percent of total costs of projects in three areas.

- feasibility projects to identify the potential for development of market, technical and commercial ventures;
- development projects that help expand markets for new or improved food products through activities such as promotion, distribution, transportation, or product processing innovations;
- Canadian capability projects that help wherever there is a lack of technical, production or marketing capability or skills.

Available to: Most types of organizations can apply, but must demonstrate adequate financial and managerial resources to carry out the obligations under the agreement. Priority is given to projects that will benefit the greatest number of producers.

Apply to:

4. New Crop Development Fund (NCDF)

Purpose: To encourage the growth and efficiency of a diversified crops sector in Canadian agriculture; to evaluate new crops, varieties and production techniques; to assist in the development of new crops, and to accelerate the adoption of new crops and technologies.

Terms:
- grants to 75 percent of project cost to a maximum of $500,000.
- for crops with a reasonable chance of commercial success.
- projects to establish a specific commercial enterprise are not eligible.

Available to: Commercial organizations, industrial or producer organizations, universities and other non-profit organizations and provincial and territorial agencies.

Apply to: New Crop Development Fund
Secretariat

C. VEGETABLES

1. Market Garden Development Program

Purpose: To increase market garden production of vegetables and small fruit in Alberta.

Terms: The assistance is in the form of a development grant for the purchase of seed, fertilizer, equipment, etc. The grant payment is $750 (only) for a minimum of one hectare of vegetable and/or small fruit production required for eligibility. A producing unit can only receive this form of assistance for a maximum of two years.

Available to: Market gardeners who produce, harvest and sell all produce from a minimum of one hectare of land, fully planted, to vegetables and/or small fruit (excluding potatos).

Apply to: Alberta Horticultural Research Centre,
Bag Service 200,
BROOKS, Alberta,
T0J 0J0

prior to July 1st of the crop year.

2. Fruit and Vegetable Cold Storage Program

Purpose: To assist in the construction or renovation of cold storage facilities to extend the marketing season.

Terms: Assistance - 1/3 of construction costs to a maximum of $500,000.00.

Available to: Groups of three or more primary producers of fruits and vegetables, including associations, cooperatives and limited companies.

Apply to:

Operating Programs
Marketing & Economics Branch
Agriculture Canada
Sir John Carling Bldg.
Ottawa, Ontario K1A 0C5
Phone: 995-5880

Regional Marketing Officer
Marketing & Economics Branch
Agriculture Canada
4th Floor, 10179 - 105 Street
Edmonton, Alberta T5J 1E2
Phone: 420-4141

3. Vegetable and Potato Storage Program

Purpose: To improve the productivity and viability of the vegetable industry in Alberta. Loan funds may be used for constructing, modifying or improving new or existing potato and vegetable storage facilities, including ventilation, humidification and refrigeration equipment; for purchasing specialized equipment for produce handling capabilities such as bin loading and unloading equipment, graders, vegetable and potato washing, waxing, grading and handling equipment, but excluding motorized mobile equipment.

Terms: The maximum amount of loan eligible for the incentive rebate is $100,000. This is the same for partnerships or individuals.

*The amount of incentive will be determined from the original loan amount eligible and will be the lessor of:

i) 7% or
ii) one-half the aggregate of 1% and the average ADC prime* rate as determined on the 1st day of every month during the period of one year in respect of which the incentive is payable.

*ADC prime is equivalent to the prime rate in effect at a Canadian Chartered Bank.

Incentives will be paid annually for five years and total incentives paid cannot exceed the actual total interest paid by the applicant.

An annual inspection of the facility will be made by the A.D.C. loans officer.

Applicants must apply for the incentive annually after a complete installment of principal and interest has been paid. The application must be received within a period of six months of the loan's anniversary date.

Available to: Potato growers licensed by the Alberta Potato Commission. Vegetable growers licensed by the Alberta Fresh Vegetable Marketing Board.

Apply to: Alberta Agricultural Development Corporation loans officer to determine if your project is eligible for the incentive, at which time an application needs to be completed. Funding to complete the project must then be obtained through a lender of your choice under the Alberta Farm Development Loan guarantee or alternatively a specific Guarantee through the Alberta Agricultural Development Corporation.

D) PASTURE

1. Range and Soil Improvement Program

Purpose: To increase farm and ranch income by assisting and promoting land improvement and development measures that will increase land productivity. Eligible projects include:

a) Brushing and/or breaking previously uncultivated land for agricultural purposes.
b) Seeding pasture and haylands to suitable tame species on soils with adequate potential.
c) Purchase and application of agricultural lime or marl to reduce soil acidity (a lime requirement soil test is a prerequisite for this purpose).
d) Deep plowing (18 to 24") of solonetzic soils (prior inspection and approval by Alberta Agriculture Soil Specialist is required).
e) Brush control through mechanical or biological means.
f) Fence construction to facilitate grazing rotations and grazing utilization or to facilitate the use of additional areas by grazing animals.
g) Trails to improve animal access (in bush covered areas).
h) Poisonous plant control and range weed control.
i) Drainage where necessary to develop small depressional areas. (Approval in writing by Alberta Environment may be required).
j) land levelling to facilitate irrigation (this does not include any costs involved with relocating irrigation ditches).

Terms: The maximum amount of loan eligible for incentive payment is $10,000 for each individual farm or ranch; for partnerships and corporations $10,000 for the first family plus $5,000 for each additional family to a maximum of $20,000. All families must be actively involved in the farming or ranching operation.

The amount of incentive will be determined from the original loan amount eligible and will be the lessor of:

i) 7% or
ii) one-half the aggregate of 1% and the average ADC prime* rate as determined on the 1st day of every month during the period of one year in respect of which the incentive is payable.

*ADC prime is equivalent to the prime rate in effect at a Canadian Chartered Bank.

Incentives will be paid annually for five years and total incentives paid cannot exceed the actual total interest paid by the applicant.

Applicants must apply for the incentive annually after a complete installment of principal and interest has been paid. The application must be received within a period of six months of the loan's anniversary date.

Available to: All farmers or ranchers who own land in the Province of Alberta.

Apply to: Contact your nearest District Agriculturist to determine if your project is eligible for the incentive, at which time an application will be completed.

Funding for the project must be obtained through a lender of your choice under the Alberta Farm Development Loan guarantee, or alternatively a specific Guarantee through the Alberta Agricultural Development Corporation.

2. **Range Improvement Assistance Program**

Purpose: Provide incentive to the livestock producer to improve the forage production and utilization of rangelands held under grazing disposition issued by Alberta Energy and Natural Resources.

Terms: The following three separate programs provide assistance to grazing disposition holders:

a. 100% funding of all approved range improvement projects to eligible applicants. Funding of up to $22,000 is available per applicant.

Funding priority will be given to applicants who have a brush encroachment problem or other significant resource-related problem on their grazing disposition, and to small scale farmers or ranchers.

b. A disposition rental credit equivalent to 25% of the cost of range maintenance projects and certain livestock distribution facilities.

c. Exemption from the increase in rental that normally results from the conversion of low quality rangelands, i.e., brush to tame forage. Under this program the disposition holder may also be permitted to grow cereal or oil seed crops for a specific number of years without payment of cropshare.

Available to: Holders of grazing dispositions issued by Alberta Energy and Natural Resources.

Apply to: Range Improvement and Development
Section Public Lands Division Alberta
Energy and Natural Resources
4th Floor, Petroleum Plaza, South Tower
9915 - 108 Street
EDMONTON, Alberta
T5K 2C9 Ph. 427-3598

E) SOIL

1. Agriculture Lime Freight Assistance Program

Purpose: To assist farmers in acid soil areas with the cost of transporting lime or marl, and to promote the development of a provincial agricultural lime industry.

Terms: The government will pay 80% of the transportation costs of hauling agricultural lime in excess of the $5.50 per tonne, and 50% of the cost of transporting marl up to $ 5.50 per cubic meter. Transportation assistance is based on the producer's receipted invoice of transportation costs. Assistance is available to producers who use their own vehicle to transport lime or marl all or part of the distance from a quarry to their farms.

The maximum rates for commercial carriers is as follows:

up to 200 km.	11¢ per tonne/km.	
up to 400 km.	9¢ per tonne/km.	
up to 600 km.	7¢ per tonne/km.	
more than 600 km. ..	5¢/per tonne/km,	except in I.D. 23 where the 7¢ rate applies up to 1,000 km.

Farmers transporting lime for their own use will be allowed 70% of the maximum commercial rate. Maximum assistance is $15,000 per farmer per fiscal year (April 1 to March 31).

Available to: All farmers requiring lime or marl for land application to reduce soil acidity based on a lime requirement test showing an original soil pH of 6.0 or less.

Apply to: Local district agriculturist.

IV. ENERGY

1. Alberta Farm Fuel Distribution Allowance

Purpose: Program is designed to assist Alberta farmers by reducing farm fuel expenses.

Terms: When an Alberta farmer purchases fuel for his farming operation, the price of purple gasoline, purple diesel fuel and purple heating oil is reduced by 7 cents per litre (approximately 32 cents/gal). The reduction is to be shown on the purchase invoice.

Available to: A person engaged in farming operations in Alberta who has furnished the bulk dealer with signed copies of the prescribed declaration.

Apply to: A bulk dealer in fuel oil who carries on business in Alberta.

2. **Assistance for Rental or Purchase of Fuel Oil or Propane Tank**

Purpose: To offset costs associated with the purchase or rental of fuel oil or propane tanks.

Terms: a. Purchase of fuel oil or propane tank for those individuals to whom natural gas service is not available. A tank purchased after April 30, 1973 is eligible for a grant in the amount of 40% of the cost of the purchase price, up to a maximum of a $500 grant.

b. Rental of a fuel oil or propane tank. A tank rented after April 30, 1973 is eligible for a grant in an amount up to 40% of the cost of rental up to a maximum of a $500 grant.

Proof of payment of purchase or annual rental are necessary for verification.

Available to: a. Rural residents not served with natural gas who have a permanent residence outside the boundaries of a franchise area.

b. Rural residents within a part of a franchise area where a distributor certifies that natural gas is not or was not available at the time of purchase or of rental cost being claimed.

Apply to: Business and Grants Section
Alberta Utilities and Telecommunications
6th Floor, Westcor Building
12323 Stony Plain Road
EDMONTON, Alberta
T5N 3Y9 Ph. 427-0130

3. **Canada Oil Substitution Program** (C.O.S.P.)

Purpose: This program provides Government of Canada grants to homeowners and businesses to help meet the costs of converting their heating systems from oil to more plentiful domestic energy resources.

Terms: C.O.S.P. has two parts. The first part operates through natural gas utilities to provide grants toward conversions to gas. A second part of C.O.S.P. assists those who choose to convert to energy sources other than gas, such as wood, solar heating or propane (outside natural gas areas).

C.O.S.P. provides taxable grants covering half the eligible costs of materials and labour for conversion of the homeowner's heating system, up to a maximum grant of $800 for single family residences. This program terminates on March 31, 1985.

Available to: C.O.S.P. grants are available to homeowners and to tenants whose landlords have agreed that the tenants may undertake and pay for conversions. C.O.S.P. grants may also be obtained for conversions by businesses and by non-profit organizations, churches, school boards, hospitals, homes for the aged and libraries. The program applies to conversion of residential and business space heating and water heating systems. Properties such as cottages are not eligible unless they are used as principal residences. Grants for heated swimming pools will be available only for conversion to solar heating.

Apply to: Energy, Mines and Resources Canada
Conservation and Renewable Energy Branch
200 Grandin Park Plaza
22 Sir Winston Churchill Avenue
ST. ALBERT, Alberta
T8N 1B4 Phone: 420-4035 or toll free 1-800-222-6477

4. Canadian Home Insulation Program

Purpose: To provide funds for reducing the heat loss through the envelope of Canadian Homes. Specifically, the objective of the program is to reduce residential energy consumption for heating purposes by 30%. This objective is based on the thermal upgrading of 70% of Canadian homes built prior to September 1, 1977.

Terms: Provides 1/3 of the cost of approved materials; or approved materials and labour including insulation, vapour barriers, caulking, weatherstripping and improved ventilation up to a maximum of $500. For example, to get the full $500 grant, the homeowner would have to spend $833.33 on materials or would have paid $833.33 to a contractor for labour and materials. Spend less and the grant is reduced accordingly. The grant is taxable.

Available to: A building is eligible if it is a principal residence (vacation homes not included) or a non-profit hostel, three storeys or less in height, and if it was built before September 1, 1977. This applies to mobile homes built before September 1, 1977 also. Insulating contractors must be listed with the Canadian General Standards Board in order to claim for labour. Minimum R-values are in effect. Should you be insulating an attic, a minimum R34 is required; for basements the minimum requirement is R12. (This includes insulation which may be existing in the attic or basement).

Apply to: Homeowners and tenants may apply by calling the CHIP office or through a Canadian General Standards Board listed contractor. An individual application form will be sent to the applicant together with information about the program.

Box 3030
Edmonton, Alta. T5J 2G6
Telephone: 420-2459 (Edmonton area)
1-800-232-9492 (toll free)
or call collect

5. Federal Excise Tax Refund On Gasoline

Purpose: Provide lower fuel costs for farmers.

Terms: Excise Tax of 1.5¢/litre after Jan. 1/79 is refundable to farmers for gasoline used in their farming operations. Claims may be submitted at six month intervals for periods ending December 31 and June 30 or when the tax claimable amounts to $200, subject to a maximum of one claim per month.

Farmers will be eligible for a rebate of 4.8 cents per litre on the fuel they buy for off-highway use in commercial activities between December 1, 1984 and January 1, 1987. The new rebate is in addition to the 1-1/2 cents per litre excise tax refund.

Applications for refunds must be made within four years of the date of purchase of the gasoline. It is not necessary to submit receipts of vouchers with a claim, but each claimant must retain documentation for audit purposes.

Available to: Individual producers using gasoline for farming operations.

Apply to: Local post office or
Revenue Canada Excise
Calgary Region
470, 220 4 Ave. S.E. OR
CALGARY, Alberta T2P 3B7

District Excise Office
Manulife Building
610, 10055 - 106 Street
EDMONTON, Alberta
T5J 2Y2

6. New Home Energy Analysis Service

The HOTCAN computer program designed by the National Research Council in Saskatoon is used to estimate the annual energy costs for new homes at the design stage. People planning to build a home can run different door, window, wall, ceiling and basement R-values through the computer, along with other features such as house orientation, air infiltration rate, heat exchangers, etc. Design information is submitted on special data sheets.

Apply to: Technical Advisor, Conservation & Renewable Energy Office
Energy, Mines & Resource Canada
Room 200, 22 Sir Winston Churchill Avenue
ST. ALBERT, Alberta T8N 1B4
Telephone: 1-800-222-6477 (toll free) or 420-4035

7. Primary Agricultural Producers Rebate Program

Purpose: To provide a direct rebate of natural gas costs to consumers engaged in primary agricultural production.

Terms: The program rebates 50¢ per gigajoule on consumption of natural gas of over 300 gigajoules, and up to a maximum of 10,000 gigajoules used by an applicant during a calendar year. The program is retroactive to January 1, 1982 and will terminate on December 31, 1985.

Available to: Agricultural producers engaged in the production of field crops, livestock and poultry operations, greenhouses (including ornamental), irrigation, grain drying, sod and peat moss farms, and alfalfa processors.

Apply to: Rebates Branch, Alberta Utilities and Telecommunications
2nd Floor, 12323 Stony Plain Road
Edmonton, Alberta T5N 3Y9 Phone: 422-1233

8. Propane Vehicle Grant Program

Purpose: To assist private use vehicles owners, farmers and commercial fleet operators to convert their vehicles to propane.

Terms: This federal program offers a taxable grant of up to $400 for each eligible vehicle either purchased new with a propane fuel system, or converted to propane from gasoline. Conversions of diesel-powered vehicles to mixed diesel propane fuel systems are also eligible for the propane grant as well as dual fuel propane -gasoline vehicles, dedicated propane vehicles. There is no limit on fleetage.

Available to: This program is available to all private citizens and farm vehicle owners as well as some owners of commercial road vehicles such as:

- corporations and individuals carrying on a business in Canada
- certain federal crown corporations
- nonprofit organizations certified by National Revenue Taxation as charitable organizations
- municipalities, regional governments; and boards, commissions and authorities established by them.

Apply to: Energy, Mines and Resources Canada
Conservation and Renewable Energy Branch
200 Grandin Park Plaza
22 Sir Winston Churchill Avenue
ST. ALBERT, Alberta T8N 1B4
phone: 420-4035 or toll free 1-800-222-6477

9. Rebate on Propane and Heating Oil

Purpose: Provides a rebate on propane and heating oil used for heating purposes, when natural gas service cannot be provided at an economical cost.

Terms: Residents of areas not serviced by a franchised natural gas distributor or those within a franchised area who cannot be economically served are eligible for a direct rebate up to 35% on the purchase price of propane and heating oil.

Each applicant is eligible for up to 18,185 litres (4,000 gals.) of propane or 12,275 litres (2,700 gals.) of heating oil or a proportionate combination of both each year.

Propane used for drying grain and in irrigation pumps is also eligible for rebate if natural gas is not available in the volume required or if the units must be portable.

Applications for rebate must be received within one year of the date of fuel purchase. Forms are available from fuel dealers.

Available to: All Alberta farmers.

Apply to: The Remote Area Heating Allowance Program
Alberta Utilities and Telecommunications
7th Floor, Westcor Building
12323 Stony Plain Road
EDMONTON, Alberta T5N 3Y9
(403) 427-0122

10. Rural Electrification Financial Assistance

Purpose: To provide financial assistance to farmers for electrical service.

Terms: Rural Electrification Revolving Fund loans for the farm customer/member construction contribution. The loans bear interest at 3-1/2 percent per annum for a term of 10 or 25 years. A minimum downpayment of $100 per service is required.

Available to: All farm customers served by an electric utility company or Rural Electrification Association.

Apply to: Contact the local electric utility company office to initiate an application.

Further Information: Contact the following agency:

Alberta Utilities and Telecommunications
Rural Electric Branch
5th Floor, Westcor Building
12323 Stony Plain Road
Edmonton, Alberta

Phone: 427-8444

V. LIVESTOCK

A. GENERAL

1. Anthrax Indemnification Program

Purpose: Compensation to reduce the losses of a farmer whose animals die from this disease.

Terms: The payment for cattle, horses, sheep, swine and goats which die of this disease is the market value of the animals, subject to limits. As well, free vaccination is provided to treat the herd. Confirmation of disease must be done by a federal veterinarian. Compensation is available for confirmed cases up to $500 for cattle, $350 for horses and $200 for sheep, swine and goats.

Available to: Farmers with confirmed cases of Anthrax in their herds.

Apply to: One of the 19 district offices of Health of Animals Branch, Agriculture Canada.

2. Assistance For Livestock Exhibitors

Purpose: To help defray costs and encourage the exhibiting of livestock at major out-of-province shows.

Terms: **Agribition - Regina** - Regina - Exhibitors at the Agribition in Regina will receive financial assistance, on the basis of a cash grant per head, as follows:

- breeding cattle - $100 per animal exhibited, or $100 for a cow/calf pair exhibited.
- market steer - $75 per animal.
- goats or swine - $35 per animal.

Toronto Royal Winter Fair Exhibitors at the Royal Winter Fair are eligible for assistance in the form of a cash grant per head basis as follows:

- breeding cattle - $200 per animal or $200 per cow/calf pair exhibited in beef and dairy classes
- horses - $200 per animal shown in breeding classes
- sheep, goats or swine - $70 per animal
- market classes steers - $150 per animal
- market lambs or pigs - $40 per animal

Pacific National Exhibition - Vancouver Exhibitors to the P.N.E. will receive financial assistance only on individual animals and groups of animals which place in their respective classes. This assistance will be equal to the prize money paid for that placing.

Special awards, such as those given by breed associations, will not be duplicated.

Beef and dairy cattle, sheep, goats, swine and horses in nonperformance classes are all eligible for this assistance. Verification of prize money won (e.g. a copy of the fairboard statement) must be provided.

National Sheep Classic Show - Brandon Exhibitors to the Sheep Classic Show in Brandon will receive financial assistance, on the basis of a cash grant per head, as follows:

- breeding sheep - $55 per animal exhibited.

National Western Stock Show - Denver - Exhibitors at the Western National Stock Show are eligible for assistance in the form of a cash grant per animal, as follows:

- beef breeding cattle shown singly - $200 per animal.
- bulls shown in group of 3 or 5 animals - $150 per animal.
- bulls in carload lots - $100 per animal (maximum of 12).

Designated U.S. National Sheep Shows An exhibitor is eligible for assistance to one designated U.S. National Sheep show in a given calendar year. A cash grant, per head of breeding sheep shown, will be paid on a pro-rated basis.

A list of designated show dates is available from the Head of Special Projects Section of the Beef Cattle and Sheep Branch.

Maximum Eligible Entry: Any breed unit will be eligible for assistance on a maximum of twelve entries. A "breed unit" is defined as all animals of a given breed owned singly or jointly by the exhibitor identified in the show catalogue. An "entry" is defined as an individual animal entered in a single class or as a group of animals entered in a pen class provided they have not also been entered in single classes. For any given breed unit, not more than twenty animals will be eligible for assistance in pen or group classes.

Available to: Any exhibitor of livestock in the designated shows for breeds listed in the respective show catalogues.

Apply to: Special Projects Section
Beef Cattle and Sheep Branch
Animal Industry Division
Alberta Agriculture
7000, 113 Street
Edmonton, Alberta
T6H 5T6 phone: 427-5335

3. Livestock Predator Compensation Program

Purpose: Compensation for loss of cattle, swine, sheep, goats and poultry due to predation.

Terms: Payment is based on 80% of the slaughter value or normal commercial market value of animals at the time of loss. Slaughter value compensation for confirmed losses is established by a committee. Predator kill must be verified by a public official.

There is also partial payment on probable losses associated with confirmed losses (i.e. losses claimed by the farmer, although not proved or confirmed by a public official).

Apply to: Local District Agriculturist, agricultural fieldmen, fish and wildlife officer, practising veterinarian, predator specialist, or

Chairman,
Livestock Disaster and Predator Compensation Program
Alberta Agriculture
Animal Health Division
Box 8070, Postal Station "F"
EDMONTON, Alberta
T6H 4P2

4. Rabies Indemnification Program

Purpose: Compensation for livestock that die or have to be destroyed because of rabies.

Terms: There is no provision for the payment of compensation under the Animal Disease Protection Act; however, in some provinces an arrangement has been entered into between the federal and provincial governments to pay an indemnity for loss of domestic livestock due to rabies. No such indemnity program exists in Alberta at this time.

A certificate, indicating death due to rabies, is completed by a full-time veterinarian. The diagnosis may be based on clinical or laboratory findings.

Available to: Persons whose animals contract rabies.

Apply to: Veterinary Inspection and Operations, Agriculture Canada. The diagnosis is based on laboratory findings. The lab work is done at A.D.R.I., Lethbridge. District Veterinarians do not confirm the diagnosis; this is the lab's function.

5. Tuberculosis/Brucellosis Compensation Program

Purpose: Compensation and advisory assistance for animals that have to be destroyed because of these diseases.

Terms: Compensation is paid on the following basis:

- Grade Beef Cattle up to $1,000
- Grade Dairy Cattle up to $1,200
- Purebred Beef Cattle up to $1,500
- Purebred Dairy Cattle up to $1,800

This compensation is made up of a combination of the salvage value of the carcass plus a government grant. If the salvage value of the carcass is more than the specific allocation, no additional government grant is made.

Disease must be confirmed by a meat inspector or federal veterinarian.

Available to: Farmers with livestock contacting tuberculosis or brucellosis.

Apply to: Health of Animals Branch, Agriculture Canada at one of 19 district offices in Alberta.

6. Records of Performance Programs

Purpose: To identify superior genetic material so producers can improve the productivity, efficiency and quality of Canadian livestock.

Terms: Federal program

ROP Dairy
Cattle-productivity of individual cows is measured for enrolled herds. Efficiency and superiority of dairy sires are assessed and data for use of industry are published. Programs based on ROP include sire appraisal, registration of male purebred, ROP show-ring requirements and research.

Federal-Provincial Programs

ROP Beef
Program includes federal-provincial tests on average daily gains and 365 day weights. Contributions are available for station testing of pre-selected bulls and for progeny testing.

ROP Swine
Boars and gilts are tested for backfat thickness and age at 200 pounds (home test). Performance information is issued quarterly for sows and boars. Seven swine testing stations, owned and operated by Agriculture Canada, are utilized in the program. Emphasis is on boar and sire progeny tests.

ROP Sheep
Home and station testing. Provides a lamb performance index and ewe productivity index based on total pounds of lamb produced.

Available to: Livestock producers.

B) BEES

Beeyard Compensation Program

Purpose: Compensate for the loss of beehives and equipment due to bear activity.

Terms: All losses must be reported to Fish & Wildlife within 24 hours, so that they can carry out bear control. Payment is based on 80% of the assessed loss.

Available to: Claimant must be a registered beekeeper in the Province of Alberta, have at least forty hives, and the beeyard must be fenced with an electrified fence.

Apply to: A Fish & Wildlife Officer, Departmental Predator Specialist, District Agriculturist, Agricultural Fieldman or Departmental Apiculturist.

For details and claim forms contact: Dr. G.W. Summers, Chairman

Alberta Agriculture
Animal Health Division
Box 8070, Postal Station F.
EDMONTON, Alberta
T6H 4P2

C) DAIRY

Federal Dairy Subsidy Program

Purpose: Payments are made to dairy producers to compensate for the difference between the market price and the cost of production.

Terms: Subsidy for 1984-85 is $6.03 per hectolitre on industrial milk with butter of 3.6 kilograms per hl. or $1.675 per kg. of butterfat less a within-quota levy of $5.14/hl. to create funds to subsidize the export of skim milk powder.

Available to: Producers must hold a market share quota. Maximum production per individual is 18,000 kg. of butterfat or in the case of partnerships, multiples of 18,000 kg. per partner, with maximum of three partners or shareholders.

Apply to: For further information (quota transfer, etc.) contact:

Alberta Dairy Control Board
5201 50 Avenue
WETASKIWIN, Alberta
T9A OS7

D) HORSES

Swamp Fever Of Horses (Equine Infectious Anemia)

Purpose: Compensation for horses that have to be destroyed because of swamp fever.

Terms: Maximum payment of $200 per head, plus salvage value of the animal.

Diagnosis of swamp fever is done by the use of Coggin's test and the result is confirmed by a federal veterinarian.

Available to: Persons with horses contracting Swamp Fever.

Apply to: Health of Animals Branch, Agriculture Canada at one of 19 district offices in Alberta.

E) POULTRY

Newcastle Disease In Poultry

Purpose: Compensation for losses of poultry that die from Newcastle Disease.

Terms: Compensation for losses of birds and eggs is based on the market value as determined by an inspector.

Available to: Farmers whose poultry is infected with Newcastle Disease.

Apply to: Health of Animals Branch, Agriculture Canada. Disease must be confirmed by a federal veterinarian at one of 19 district offices in Alberta.

F) SHEEP

Sheep Producer's Incentive Program

Purpose: To improve the productivity and viability of the sheep industry in Alberta by making financing available with special terms and conditions.

Loan funds may be used for purchase or modification of specialized equipment required for sheep production; construction, alteration or repair of buildings used in sheep production, including feedlot facilities; construction, alteration or repair of electric pagewire, wooden or barbed wire fences and corrals; purchase of breeding stock and other purposes approved by A.D.C.

Terms: The maximum amount of loan eligible for the incentive payment is $40,000.

*The amount of incentive will be determined from the original loan amount eligible and will be the lessor of:

i) 7% or
ii) one-half the aggregate of 1% and the average ADC prime* rate as determined on the 1st day of every month during the period of one year in respect of which the incentive is payable.

* ADC prime is equivalent to the prime rate in effect at a Canadian Chartered Bank.

Incentives will be paid annually for five years and total incentives paid cannot exceed the actual total interest paid by the applicant.

Available to: An established or potential sheep producer residing within the province of Alberta who is the owner or operator of a farming or ranching enterprise.

Apply to: Alberta Agricultural Development Corporation loans officer who determines the eligibility for the rebate. Applicants must apply for the incentive annually after a complete installment or principal and interest has been paid. The application must be received within a period of six months of the loan's anniversary date. Funding to complete the project must be obtained through a lender of your choice under the Alberta Farm Development Loan guarantee, or alternatively a specific Guarantee through the Alberta Agricultural Development Corporation.

VI. P.F.R.A. RURAL WATER DEVELOPMENT PROGRAM

Purpose: To provide technical and financial assistance to bona fide farmers and ranchers in Manitoba, Saskatchewan and Alberta for the development of on-farm water sources.

Eligibility:

1. The applicant must be a bona fide farmer or rancher, and the project must be located on a bona fide farm or ranch, on land owned or controlled by the applicant. For the purpose of this program, a bona fide farmer or rancher is a person who is recognized as such for income tax purposes. Individuals whose major source of income is not farming, and who carry out "minor farming activities" with no reasonable expectation of profit, are NOT ELIGIBLE.

2. Prior to any development being undertaken, application must be made to PFRA on appropriate application form, or by personally contacting one of the PFRA Soil & Water Conservation Service Offices. Failure to comply with this requirement could render prospective recipients ineligible for a contribution.

3. Applicant is required to construct projects according to established standards and specifications provided by PFRA and various provincial government agencies.

4. Projects requiring authorization by provincial Water Rights Branch must be approved by the provincial branch prior to financial contribution being recommended.

NOTE: This policy will be in effect from April 1, 1985 to March 31, 1986. Applications for wells, dugouts and other source development projects (not requiring water rights approval) completed during this period will be accepted until March 31, 1987.

Terms: Financial assistance will be provided on the basis of one-third of eligible costs or specified unit prices (whichever is less) to the maximums stated below. As detailed below, unit prices will be applied for some items of work or material.

Unit Price Maximums: Earthwork - $0.27 per cubic metre ($0.21 per cubic yard).
Materials - one-third of the cost of approved materials.

NOTE: There is a possibility of an increase in unit prices, effective April 1, 1985.

Individual Stockwatering Dams, Dugouts and Other Source Developments Financial Assistance will be provided on the basis of one-third of eligible costs or specified unit prices (whichever is less) to a maximum of $1650.00 per stockwatering dam, dugout or other source development.

Dugouts shall be at least 1,911 cubic metres (2,500 cubic yds) in size to qualify for a financial contribution. The dugout must have a minimum depth of 3.65 metres (12 feet) for pasture use and 4.27 metres (14 feet) for dugouts used as a year-round supply (i.e. farmstead supply).

Eligible costs include earthwork, pipeline installation, rock, sand, gravel, concrete, culverts, water control gates, plastic pipe, or any other approved material used in construction of the project.

Individual Farm Wells Small Diameter wells (normally rotary, cable-tool or jetted). One third of eligible costs or $21.00 per metre ($6.40 per foot) of cased depth (including length of screen) whichever is less.

Large Diameter Wells (normally bored or excavated). One-third of eligible costs or $50.00 per metre ($15.24 per foot) of cribbed depth plus one-third the cost of a large diameter screen, whichever is less.

The maximum contribution for any one well will be $1650.00. Eligible costs include cribbing, casing, screens, development, pump-testing, etc., but does not include pumps, power or any other equipment used to draw water from the well.

Individual and Neighbour Irrigation Projects Financial assistance will be provided on the basis of one-third of eligible costs or specified unit prices (which ever is less) to a maximum of $2,200 per project. Eligible costs include earth-work, rock, sand, gravel, concrete, culverts, water control structures, aluminum or plastic pipe, sprinkler equipment, pumps, motors, or any other approved material or equipment.

Where two or more farmers jointly develop an irrigation project, the total financial assistance per project will be based on unit prices or one-third of eligible costs, whichever is less, to a maximum of $2,200 per applicant.

IMPORTANT: Applicants for contributions are required to present invoices for materials or services, and if applicable, Well Driller's Log or Report are to be included as eligible costs for purposes of calculating contributions.

Group Projects: Subject to the availability of funds and departmental approval, financial and technical assistance will be available to groups of bona fide farmers and ranchers (five or more) in Manitoba, Saskatchewan, and Alberta for the development of water sources for domestic, livestock or irrigation uses.

Contributions for approved projects will be based on 50 percent (50%) of eligible costs to a maximum of $15,000; however, consideration will be given to projects where Canada's share would exceed this level.

Eligible projects will include any type of source development and the conveyance works to the point of use, but will exclude land and treatment or distribution works. Shareable costs include all services, materials and labour required for the development of water sources.

Available to: Bona fide farmers and ranchers for the development of on-farm water sources. Technical assistance is provided at no charge to locate, investigate, survey, design and inspect water source development projects and irrigation projects.

Apply to: PFRA Soil & Water Conservation Services Offices located in:

Hanna, Alberta	(854-4448)	Red Deer, Alberta	(346-8958)
Lethbridge, Alberta	(327-4410)	Peace River, Alberta	(624-3386)
Westlock, Alberta	(349-3963)	Medicine Hat, Alberta	(526-2429)
Vegreville, Alberta	(632-2919)		

VII. OTHER

1. Alberta Heritage Fund Modified Mortgage Interest Reduction Program

Purpose: To shield Alberta homeowners from high mortgage interest rates.

Terms: You must spend more than 35% of your household income on mortgage payments.
You must be a Canadian citizen or have landed immigrant status.
You must own your principal residence which must be located in Alberta.
You must live in this principal residence.
Your mortgage interest rate must remain above 12.5 percent.

Available to: People who have applied for and were eligible to receive benefits under the Alberta Heritage Fund Mortgage Interest Reduction Program for August, 1984. One benefit per household.

Apply to: Application forms have been mailed to all applicants receiving August benefits from the Alberta Heritage Fund Mortgage Interest Reduction Program. If you have not received an application form, or if you require further information write:

The Director
Mortgage Assistance Branch
Alberta Department of Housing
P. O. Box 4020
Edmonton, Alberta
T6E 4S8 or phone:
Edmonton residents can phone: 422-4400
Calgary residents can phone (toll free) 1-800-642-3811
Residents in other Alberta locations can phone (toll free) 1-800-642-3822.

2. Home Adaptation Program (H.A.P.)

Purpose: Provides a grant of $1,000 to homeowners, tenants or landlords who are wheelchair users or who have a wheelchair user residing with the eligible applicant. This grant is for adaptations which will provide the wheelchair access to his/her residency and provide moveability within the unit.

Available to: Homeowners and Tenants - Must be confined to a wheelchair. Must have resided in Alberta for the past year. The current adjusted family income must not exceed $25,500 per year. The tenant's landlord must agree in writing with proposal to adapt home.
Landlords - Willingness to make adaptations to an existing or proposed construction of a residential building to accommodate one or more wheelchair users.

Apply to: Applications and brochures may be picked up from the Home Improvement Branch. For further information please contact:

Alberta Department of Housing
Home Improvement Branch
11156 Jasper Avenue
Box 2453
Edmonton, Alberta T5J 3B8
Tel: Edmonton, 427-5760 or contact your long distance operator and ask for Zenith 22093.

3. Alberta Property Tax Reduction Program

Purpose: The program is designed to reduce property tax burden by removing the provincial education tax on farmland, and ensuring the family farm home owner receives additional homeowner benefit where eligible.

Terms: The homeowner benefit allows owners (under 65 years of age) to receive a credit equal to the difference between the provincial education tax removed and the lesser of either $200.00 or municipal taxes. When the owner is over 65 years, or widow/widowers 55-64 years receiving the Alberta Widows Pension, or widow/widowers 60-64 whose deceased spouse was 65, benefit equals the difference between the provincial education tax removed and the lesser of either $1,000.00 or municipal taxes. This benefit is credited to the property tax account.

Available to: The owner of a residence or mobile home and farmland which has been assessed and taxed. Additional homeowner benefit is calculated on home quarter only.

Apply to: The removal of the provincial education tax is automatic as shown on the tax notice. Application for the additional homeowner benefit must be made annually at the local municipal office.

4. Alberta Summer Farm Employment Program (Subject to Annual Government Renewal).

Purpose: To provide farm work experience for Alberta Youth from July 2nd to August 31, 1985.

Terms: The government will pay up to a maximum of $300 or one-half of the youth's monthly salary whichever is least, and the employer's contributions to CPP and UIC. Applicants must be at least 15 years old and have written consent of their parents if they are under 18. They must also be a resident of Alberta and must be legally entitled to work in Canada. In addition, they must be prepared to attend one of Alberta Agriculture's farm safety seminars.

Available to: Any Alberta farmer is eligible to employ a youth under the program, providing the applicant is not a member of the employer's family.

Apply to: Employer and employee application forms can be obtained from any district agriculturist or Canada Farm Labour Pool office.

5. **Alberta Wage Subsidy Program**

Purpose: To provide work experience opportunities within the private sector for unemployed Alberta youth.

Terms: Between April 1 and March 31, the Government will pay 50% of the youth's wages to a maximum of $2.50 per hour, for a minimum of three months. Employees must be legally entitled to work in Canada, and may not be a member of the employer's immediate family.

Available to: Any potential employer in Alberta, including farmers.

Apply to: Application packages available from Employment Development Offices of Alberta Manpower.

6. **Alberta Youth Employment & Training Program**

This is a two-element program, commencing November 1, 1984, terminating March 31, 1987.

1. **Purpose:** To provide post-secondary graduates who are unemployed or who are not working in their field of study, with jobs and training related to their education.

Terms: The government will reimburse employers for 50% of employee wages, up to $7,800 per year. Employees must be hired on a full-time basis for 12 months. An additional $25 per day is available if you offer full-time training, plus up to 75% of related training costs. Eligible employees must have been residents of Alberta for the past three years.

2. **Purpose:** To provide work experience and training to young Albertans between the ages of 18 to 24, with preference given to high school graduates.

Terms: The government will reimburse employers for 50% of employee wages, up to $3.50 per hour or $140 per week. Employees must be hired on a full-time basis for six months. Employers who retain an employee for a second six months will receive an additional $ 3,000 at the end of the twelve month period. An additional $ 15 per day, maximum $75 per week, and 75% of related training costs is available if training is on a full-time basis.

Available to: Private sector employers, including farmers, non-profit organizations, school and hospital boards, and municipalities.

Apply to: Applications available from Alberta Manpower's Employment Development Offices.

7. **Alberta Training Program**

Purpose: The ATP is a training incentive program designed to assist Albertans to upgrade and develop job skills.

Terms: Business employers may apply for assistance to train current or new employees, at least 16 years of age. Employees must be permanent, full-time staff, who are training on the job or in the classroom on a full-time basis. Immediate family members are not eligible.

Available to: Private sector employers including farmers.

Apply to: Alberta Manpower's Employment Development Offices.

8. The Canada-Alberta Subsidiary Agreement on Nutritive Processing Assistance

Purpose: To help develop the agricultural processing industry and thereby enhance economic activity and balanced growth across Alberta.

Terms: Provides capital grants to processing and research operations. Grants can be up to 35 percent of eligible capital for new projects and 20 percent for modernization and expansion or research projects.
An application form has to be completed before the project is committed.

The project has to be located at least 10 miles from the border of Edmonton or Calgary, except for research projects.

At least 20 percent equity required.

Applications have to be received by September 30, 1985.

Available to: Operations that process products of nutritional value to animals or humans.

Processing operations that use products of plant or animal origin.

Private research and development facilities engaged in research of nutritive products or processing operations.

Apply to: Rural Development
Alberta Agriculture
7000 - 113 Street
Edmonton, Alberta
T6H 5T6
Telephone: 427-4287

9. Disaster Assistance Program

Purpose: Program administered by Alberta Disaster Services which may provide financial assistance to municipalities and individuals in the case of emergencies and disasters. Disaster assistance to individuals is not intended to provide full compensation for damage and loss, but to aid in recovery from the occurrence. Municipalities, however, may have total costs covered.

Guidelines: Before losses and damages or municipal expenditures may qualify for assistance, the following guidelines will be considered in assessing the need for same:

- the losses and damage have been so devastating as to threaten the economic survival of an individual or business;
- assistance would be in the public interest;
- in a municipality, an unusual amount of non-insurable loss and damage has affected a number of people;

- events causing damage or loss were extremely unusual as classified by a competent authority. For example, historical records, evaluated by Alberta Environment, indicate a weather related event may be classified as extremely unusual;
- the health, safety or welfare of the affected citizen or citizens have been at risk;
- persons directly affected and/or municipal authorities acted prudently and appropriately to protect property and minimize damage when, and if, warning was given.

Available to: ALL

Apply to:
Alberta Disaster Services
10320 - 146 Street
EDMONTON, Alberta
T5N 3A2 Telephone: 427-2772

10. Federal Sales Tax Exemption

Purpose: Provide farmers with production inputs without payment of sales tax.

Terms: Farmers who are producers of unconditionally exempt products are entitled to purchase machinery apparatus and parts thereof, for use directly in the manufacture or production of goods, without payment of sales tax.

Exemption is done by quoting the following certificate of exemption on their purchase order:

We certify that the goods ordered/imported hereby are to be used as outlined in Section 1, 3, and 4 of Part IV of Schedule III of the Excise Tax Act.

_____
Signature of Purchaser

An "End Use" description should be given with this certificate. "End Use" is a term used to indicate the location and purpose for which the materials or equipment are purchased.

Pipe, pipe fittings and valves, hose, electric wire, cable and conduit and multi-purpose materials, such as lumber and steel, must be purchased on a tax-paid basis. The tax paid is subject to refund when these goods are incorporated into production equipment.

For specific details please contact Revenue Canada - Excise. Examples of exempt equipment are: farrowing crates, drainage tile and granaries, but not other buildings.

Available to: Farmers who are producers of unconditionally exempt products.

Apply to:
Revenue Canada Excise
P.O. Box 2525, Station M
CALGARY, Alberta
T2P 3B7
Telephone: 231-5672

or

District Excise Office
Manulife Building
610, 10055 - 106 Street
EDMONTON, Alberta
T5J 2Y2 Telephone: 420-3420

11. Mobile Home Loan Insurance Program (M.H.L.I.P.)

Purpose: To provide approved lenders with investment loss protection in the event that payments on mobile home loans are not met by the borrower. Alberta Mortgage and Housing Corporation underwrites the program. Because the insurance reduces the risk to the financial institution, lenders may be able to provide up to 85 percent financing towards the purchase and set-up of a mobile home to an overall maximum of $40,000 and may also offer a more favorable interest rate and longer amortization period.

Terms: Assistance to mobile homeowners is provided indirectly. Because of the reduced risk to the lender, financial institutions are able to provide more favorable lending terms.

Available to: An eligible mobile home is one that:

a) is new or used
b) is single or double wide
c) meets the appropriate CSA (Canadian Building Standards) building code
d) is not permanently affixed to a site
e) is on property the mobile homeowner owns, rents or has written permission to use
f) is a permanent residence
g) is located in Alberta

Apply to: Financial institutions contact AMHC.
Individuals contact their lender.

For information about the location of the nearest branch contact:

Alberta Mortgage and Housing Corporation

Red Deer	P.O.Box 606	T4N 5G6	343-6677
Medicine Hat	P.O.Box 668	T1A 7G6	526-5237
Grande Prairie	Rm. 210 11402 - 100 St.	T8V 2N5	532-3720

13. Senior Citizens Home Heating Protection Program

Purpose: To assist senior citizens with home heating costs.

Terms: A rebate of $100 for each calendar year paid directly to eligible persons. The benefits of this program are retroactive to January 1, 1982 and extend through to December 31, 1985.

Available to: Individuals who are 65 years and older or between the age of 60 - 64 and whose deceased spouse was 65 years or older at the time of death are eligible. Widows and widowers who qualify under the Widows' Pension Act are also elibible. Eligible persons must own and live in their own home for at least 120 days during the calendar year.

Apply to: Rebates are mailed automatically to individuals who qualify for and receive the Alberta Property Tax Reduction Benefit in respect to their property taxes. Persons who do not qualify for the Alberta Property Tax Reduction Benefit but own and live in their residence for 120 days in a calendar year may apply for their rebate on a special application available at local municipal tax offices or the Rebates Branch.

Further Information: Contact the following agency:

Alberta Utilities and Telecommunications
Rebates Branch
3rd Floor, Westcor Building
12323 Stony Plain Road
Edmonton, Alberta
T5N 3Y9
Telephone: 422-4098

14. Seniors' Home Improvement Program (S.H.I.P.)

Program: Provides grants of up to $3,000 to senior citizen homeowners, to repair or improve their homes. The grant amount is dependent upon combined income of applicant and spouse for the last calendar year.

Eligibility: Homeowners, at least 65 years of age or widow/widowers aged 55 to 64. The home must be the principal place of residence for at least nine months per year. Must have lived in Alberta for one year prior to the date of application, and be a Canadian Citizen or Landed Immigrant, and have at least ten years residency in Canada. Only one grant per household is eligible.

Apply to: Applications and brochures can be picked up from any Treasury Branch, participating financial institutions or the Home Improvement Branch. For further information please contact:

Alberta Department of Housing
Home Improvement Branch
11156 Jasper Avenue
Box 2453
Edmonton, Alberta
T5J 3B8
Telephone: Edmonton 427-5760

or contact your long distance operator and ask for Zenith 22093.

VIII. ALBERTA HOKKAIDO AGRICULTURE EXCHANGE PROGRAM

Purpose: The purpose of the program is to provide an exchange of people involved in agriculture and thereby improve the sharing of technical information and the cultural and social understanding between Alberta and Japan.

Terms: Participants will be practising farmers, agricultural students or individuals serving as educators of the above groups, who are 18 years of age or over and willing to support the purpose of the exchange. The duration of the exchange is expected to be one full year for farmers but may be flexible for other participants.

Exchangees may receive financial assistance during participation in the exchange. Assistance, if provided, is the responsibility of the originating country.

Available to: Technical and/or professional agriculturists 18 years of age or over.

Apply to: Market Development Division
Alberta Agriculture
3rd. Floor J.G. O'Donoghue Building
7000 - 113 Street
EDMONTON, Alberta T6H 5T6
Phone: 427-4241

Benefits: Broadening of views and better understanding of the cultures of our neighbours, and fellow agriculturists and others in the associated countries of the world in general. This is particularly true for the exchangees but also applies to a lesser extent to the host families in the recipient country.

Increased trade is a fringe benefit as buyers prefer to deal with a culture and people they trust and respect.

IX. PUBLIC AND COMMUNITY COLLEGES

Purpose: Provide comprehensive study programs in the agricultural field.

Lethbridge Community College, Fairview College, Olds College, and the Vermilion Campus Lakeland College offer comprehensive programs of study to prepare students for careers in most fields of agriculture for both on- and off-farm employment. To demonstrate their interest in the work of these institutions, a number of business firms, organizations and individuals have made considerable financial assistance available to students.

The four colleges listed offer two types of agricultural programs. Agricultural diploma programs run for two years. Agricultural certificate courses are one-year programs. If you are interested in enrolling in one of the agricultural programs, contact the registrar at the college to request information in the field of your interests.

As well as on campus studies, there are correspondence courses available at Olds College and Lakeland College. These are not offered at Lethbridge or Fairview.

Olds Correspondence Courses:

1. Introduction to Farm Accounting
2. Advanced Farm Accounting and Income Tax
3. Introduction to Farm Management
4. Introduction to Marketing of Agricultural Products
5. Farm Finance
6. Horticulture for the Home Gardener
7. Small Engines
8. Air Photo Use

Olds College and the University of Guelph have a cooperative arrangement whereby each institution has the right to use courses offered by the other. There are enough Guelph courses available through Olds to offer the entire Ontario Horticulture Diploma Program by correspondence. Course details available from Olds College, (556-8355) Correspondence Division.

Lakeland Correspondence Courses:

1. Pesticides Dealer
2. Pesticides Applicator
3. Welding

AGRICULTURAL FINANCIAL MANAGEMENT COURSES

Lethbridge Community College and Fairview College offer an Agricultural Financial Management course. This program has been developed to help farm families achieve their business and family goals. This is accomplished by providing business and financial management instruction in class and on the farm.

Families in the program have the opportunity to:
- develop the record system best suited to their own farm.
- analyze their records for management information.
- develop a plan for sound growth.

This three-year program, running from November to March consists of:

1. class meetings twice a month covering specific topics.
2. monthly farm visits by instructor.
3. the use of computers as a management tool is available in this course.

NOTE: Students are not obliged to complete all three years. The program is flexible enough to allow students to take as much or as little as they feel they need.

Available to: Students enrolling or enrolled in programs of study at the agricultural colleges.

Apply to: The registrars at the colleges:

Market Development Division
Alberta Agriculture
3rd. Floor, J.G.O'Donoghue Bldg.
7000 - 113 Street
Edmonton, Alberta
T6H 5T6
Telephone: 427-4241

17. MARKETING SERVICES DIVISION FINANCIAL ASSISTANCE PROGRAMS

The primary objective of the Marketing Services Division is to support and encourage the growth and development of Alberta's commodity, feed, food and beverage industry. In order to achieve this goal, it is necessary that this private sector agri-industry have access to human, technical, and financial resources capable of supporting its development, processing, management, market maintenance, and supply response goals.

Director,
Marketing Services Division
Alberta Agriculture
3rd. Flr. J.G.O'Donoghue Bldg.
7000 - 113 Street
Edmonton, Alberta
T6H 5T6 Telephone: 427-3166

The programs are implemented in co-ordination with the Market Development Division to better able producers, produce groups, and processors to market their products in an Alberta, Canadian or international context and, with other Department Divisions, to take advantage of identified development opportunities applicable to the production and processing sectors.

The Marketing Services Division has been structured into five branches to best support this goal. The branches are:

1. Food Processing Development Centre
2. Agricultural Processing Development Branch
3. Agri-Food Development Branch
4. Business Analysis Branch
5. Food Laboratory Services Branch

Technical and skilled manpower and financial resources and programs are available to support the industry in its development objectives.

18. MUNICIPAL COOPERATIVE SEED CLEANING PLANT PROGRAMS

Designed to provide high quality seed cleaning and minimize the spread of weed seeds - three programs:
